

The figure consists of two vertically stacked panels sharing a common x-axis representing the 'Year' from 2000 to 2020. The top panel's y-axis is labeled 'Age' and ranges from 10 to 60. It features a blue header bar at the top and a light blue grid below. The bottom panel's y-axis is labeled 'Birth order' and ranges from 2 to 10. It features a light purple grid. Both panels have a thick orange line at the bottom. The x-axis is labeled 'Year' and has major ticks at 2000, 2005, 2010, 2015, and 2020. The y-axis for the top panel has major ticks at 10, 15, 20, 25, 30, 35, 40, 45, 50, 55, and 60. The y-axis for the bottom panel has major ticks at 2, 4, 6, 8, and 10. The grid cells in both panels are colored in a way that suggests a periodic or oscillatory pattern over time, with the top panel showing a more pronounced variation than the bottom panel.
